Talks & Demonstrations

with

Marina Christopher
(Phoenix Perennial Plants)

11.30-12

April 27th 2011

Grow your own. Why not try some tasty and unusual vegetables not found in the shops?

May 25th 2011

Selecting good garden plants for your garden and soil. The Award of Garden merit (AGM).

June 29th 2011

Raised beds – versatile, accessible growing areas. An introduction.

July 27th 2011

Good, bad and downright appalling wildlife in the garden and how to live with them.

August 31st 2011

Great companions – excellent perennials to combine successfully with grasses.

September 28th 2011

Prairie plants for the naturalistic garden. A selection of some of the best.

© Walter Herfst

Lunch 12.30-2.00

Delicious lunches prepared by the Bury Court Café will be available at £12.50/head for a two-course meal and coffee / tea. Groups welcome.

Lunches must be pre-booked by email:

marina@phoenixperennialplants.co.uk

or by telephoning Marina on 01420 560695.

Veronicastrum virginicum 'Fascination'

Guided Gardens Tours

with **Marina Christopher**

(2.00-2.30pm)

**Walled garden designed by Piet Oudolf
(April, June and August)**

The dynamic inner walled garden is constantly changing. When planted in 1997, this was the first naturalistic garden designed by Piet Oudolf in Britain.

**Front garden designed by Christopher
Bradley-Hole (May, July and September)**

Designed with a formal grid pattern of square flowerbeds with a central seating area and pool. Predominately grasses interspersed with small bursts of colour in the red and yellow spectrum.

Throughout the day

Buy interesting and unusual seasonal garden-worthy plants from:

Phoenix Perennial Plants

Paice Lane, Medstead, Alton, Hampshire, GU34 5PR
